## Confirmation Programs in The Presbyterian Church in Canada

*Mary and Joseph found 12 year-old Jesus in the temple, sitting among the teachers, listening to them and asking them questions. — Luke 2:46*

**W**e don't know how common it was in biblical times for a 12 year old – and a carpenter's son at that – to be sitting with priests in the temple, asking them questions and learning from them. Certainly Jesus' parents had not thought to look for him in the temple and were "astonished" when they saw the scene.

Many people might be similarly astonished to find pre-teens or teens spending time questioning and learning from church leaders. It is at this age that many youth withdraw from our congregations. Their absence, or at least their smaller numbers, have left many of us wondering what to do about confirmation.

This issue of *Equipping for Christian Education* focuses on confirmation programs and the resources used in The Presbyterian Church in Canada (PCC). As you read these pages think about your own congregation:

- When was a confirmation program last offered?
- Who were the leaders?
- Who were the youth participants?
- What was the content and what resources supported it?
- How did the program impact the youth, their families, the rest of the congregation?

### Reflection on Confirmation

#### Pray

God, in a world where we can feel lonely in a crowd:

**We are not alone, you are with us.**

In a world where it is hard to know who we are:

**You have created us in your image,  
and called us by name.**

In a world where we are called to serve:

**We have Christ to follow,**

the Spirit to lead us,

**and a community where we see God face to face. Amen**

*(From Canada Youth 2014 worship resources)*

Read Luke 2:41-52

### Discuss

1. How and where do you see youth today being engaged in the congregation and the life of the wider church?
2. What experiences have you had with confirmation programs – your own, family members or your observations of how such programs work?
3. What resources are you aware of and/or would recommend for such programs?
4. What topics do you think need to be included?
5. What approaches do you think might be more effective with youth today?

### Confirmation programs today in the PCC

From September 8 through October 12, 2015 Canadian Ministries conducted a survey about confirmation and youth profession of faith programs coast to coast in our church. The main objective was to gather information from leaders, assistant leaders and youth that would help determine how to support this ministry.

The survey results indicated that the challenges we face are similar to those identified in Europe (i.e. in the International Study on Confirmation Work, 2007) and the U.S. (in the Confirmation Project of Princeton Theological Seminary, 2013). Confirmation in the PCC is no longer an every congregation ministry or an annual program. New clergy may not have confirmation programming on their “to do list” at all. Based on the survey results, in the PCC today confirmation programs will *most likely* “look” like this:

#### Programs will have fewer than 10 youth –

sometimes fewer than five – but

- occasionally group size would range from 10-14

#### Participants will be in Gr. 9-12 (Sr. High) –

occasionally into adulthood – and

- sometimes youth would be in the range of Gr. 6-8 (Jr High)
- sometimes participants would be a mix of both Sr. and Jr. High youth

#### Gatherings will be held weekly for a period from January to Easter – however,

- some programs would be offered: Sept-Dec or Sept-Easter and some might continue into June
- sometimes confirmation would be a one-off event – a workshop of several hours or a retreat

#### The minister alone will lead the program – but not always:

- sometimes Christian educators or youth staff might be the leaders; sometimes they will be leaders alongside the minister
- sometimes the minister and elders would be involved; sometimes both along with the youth staff
- sometimes leaders would be the minister and mentors, sometimes the minister, elders and mentors
- not very often would parents or youth volunteers be leaders or assistant leaders
- occasionally a congregation might not be able to identify anyone to lead confirmation

#### The leader will create and/or adapt resources used in the program –

- many leaders will use materials they have written and/or materials that they have put together from published resources that they have drawn on and modified over time

In the survey leaders were asked to indicate what resources they used. On pages 3 and 4 all the resources named have been listed, with a complete annotated list available on the PCC website at <http://presbyterian.ca/suggested-reading-lists/>
