

Presbyterian World Service & Development

For more than 60 years, our church has been actively working to support people around the world affected by poverty, emergencies and injustice through Presbyterian World Service & Development.

PWS&D unites with partners overseas and congregations here at home to address the root causes of poverty and make positive changes in our global village. We work to restore human dignity, ease the pain of want, promote self-help and encourage community cooperation.

How your money is spent

Thanks to your generous support, in 2010, PWS&D invested over \$6 million in long-term development and emergency relief programs in 27 countries around the world.
