**NARRATIVES AND
PROPHETIC ROLE**
28/23E

The Executive discussed elements for the discussion revolving around establishing possible pathways emanating from the narratives of hope and possibility for the denomination. V. Kim shared information that he has gleaned from various groups that are currently meeting, such as a staff group regarding use of properties. He also presented ideas based upon the "Narratives of Hope and Possibility" conversations that were held at the General Assembly.

V. Kim will prepare a document to assist the Council in this discussion.

The Council will be asked to support the naming of a working group of 15–20 people drawn from across the church and from different areas of ministry who will be able to work on refining the narratives and possible pathways and bring recommendations for future consideration for the Council. This group will connect with the Executive and the Council regularly.
