

**"I came that they may have life,
and have it abundantly."**

John 10:10

Inspired by God's promise of abundant life, PWS&D envisions a sustainable, compassionate and just world. Together we respond to the needs of those affected by conflict and disaster, and assist vulnerable communities struggling to break cycles of poverty. In programs and partnerships that empower families to build sustainable livelihoods, grow varieties of nutritious food and create futures of peace and well-being, we witness God's Spirit enabling abundant life.

"We have been trained in many things. We learned how to prepare the land, but also how to prepare the food we grow."

Maria Theresa Diaz is growing more food and improving her family's diet and nutrition with support from PWS&D partners in Guatemala.

"Now people are getting educated, especially girls. Everyone is motivated—teachers and communities."

Ahman Gul, a teacher in Afghanistan, is part of the PWS&D-supported girls education program that is raising awareness of the importance of education for all and empowering students to work for peace and justice in their communities.

"Our community is now clean and so is my home. I would like to extend my appreciation to PWS&D for supporting us through this program. It is assisting us in improving our lives."

Lyness Nanyesha of Malawi received training in proper hygiene practices, as well as tools to improve village latrines. With access to sanitation and clean water, her community is healthier and stronger.

Because of your faith in action, together, we are helping ensure that families across the globe have what they need to live life in its fullest abundance.

Thank you for your prayers and support!
