

# We Respond

**“For the  
Lord is good;  
God’s  
steadfast love  
endures  
for ever...”**

Psalms 100:5

Presbyterians in Canada are sharing God’s love around the world. By responding to the call to serve those in need, together we are bringing new hope to some of the most vulnerable communities in our global village—upholding God’s promise of abundant life for all.

PWS&D’s development and relief work helps families enduring poverty and oppression lift themselves up and build brighter futures, and ensures that communities affected by conflict and disaster recover and thrive.

Thank you for your prayers and generous support—you are making this life-saving ministry possible!

**With the support of Presbyterians across Canada, PWS&D responds to situations of hunger, poverty, injustice and disaster. Together we work for a sustainable, compassionate and just world.**

### **Food Security**

Communities are learning innovative and sustainable agriculture practices to increase crop yields, improve nutrition and build resilience to environmental changes.

### **Livelihoods**

Families are empowered to meet their basic needs through education, skills training and small business development. When one person becomes self-reliant, they are able to improve their quality of life and lift up others in the community.

### **Health**

By ensuring mothers and children receive the medical care they need, caring for people affected by HIV, and providing access to water and sanitation, families and communities are growing healthier and stronger.

### **Human Rights**

Injustices are combated through a shared commitment to human rights. PWS&D is promoting and protecting the rights of women, children, workers, subsistence farmers, persons with disabilities, and refugees.

### **Refugees**

By providing assistance to refugees and displaced people around the world and accompaniment to Canadian congregations sponsoring refugees, PWS&D is helping families rebuild their lives without fear of persecution.

### **Emergency Relief**

Immediate and long-term emergency relief during times of conflict and disaster ensures that those affected have access to food, shelter, medical attention and psychosocial support.
