"...The seed on good soil stands for those with a noble and good heart, who hear the word, retain it, and by persevering produce a crop."

Luke 8:15

World  
Food Day

## October 16 is World Food Day—

a day designated to raise awareness and action for those who struggle against hunger and malnutrition around the world.

- There is enough food in the world to feed everyone, but 795 million people do not have enough to eat—that's one out of every nine people.
- Around 70% of hungry people are small-scale farmers.
- Roughly 161 million children are stunted due to chronic malnutrition.
- Recent conflict has pushed over 56 million people into either crisis or emergency levels of food insecurity.

God created the earth to sustain us all, yet hunger and malnutrition persist. For 25 years PWS&D has been working with Canadian Foodgrains Bank, as well as partners overseas, to ensure families and communities around the world have enough to eat.

**As an individual, congregation or community you can help end hunger.** Make a donation, hold

an event, start a growing project or get involved in the Climate Fund.
